

Cyber Security Awareness - E-Learning

Course Aim

The course aims to help delegates understand how security breaches can occur, what to do to prevent cyber attacks and how to identify security weaknesses, as well as what to do to strengthen them.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Agenda

The course modules cover:

- Cyber Security Overview
- What You Can Do
- Security Breaches

Certification

Delegates will receive a HSS printable certificate in Cyber Security Awareness upon completion of the course.

This course is approved and accredited by CPD.

Who Should Attend?

This course should be used by all employees within an organisation. It offers straightforward steps that help to protect an organisation from cyber attacks.

Course Duration

This is a 35 minute course.
