

# CCNSG Leading a Team Safely (LaTS)

## Course Aim

To provide delegates with skills and knowledge in safe team leading.

Appropriate for delegates that have already achieved the CCNSG Passport and are in a management or supervision role; alternatively those who have a key role in the correct implementation of health and safety on site.

## Who Should Attend?

ECITB LaTS is aimed at delegates currently within a managerial position or those who have responsibility for wider teams. Delegates may have little or no prior training in health and safety or the fundamentals of leadership.

Delegates **MUST** have an in date CCNSG Passport prior course attendance.

## Course Duration

This is a 1-day course.

## Certification

Upon successful completion delegates will receive an ECITB Leading a Team Safely certificate which is valid for 2 years.

## Agenda

Upon successful completion an ECITB Leading a Team Safety (LaTS) training course, delegates will have the skills to:

- Influence the behaviour of those that they supervise
- Ensure good planning and communication of health and safety related to site work
- Help to ensure workers work on site more safely with lower risk to themselves and others

An ECITB Leading a Team Safely (LaTS) training course includes:

1. Strategies for working safely with others
2. Tips for communicating successfully
3. Leading a team effectively
4. Guidelines for achieving safe outcomes
5. Techniques for self-management
6. An awareness of health and safety at work and their responsibilities for creating a safe workplace
7. An understanding of safe solutions to problems in the workplace
