

## NVQ Level 2 Certificate in Waterproof Membrane Roofing Systems

### Course Aim

To provide delegates the necessary knowledge, skills and understanding to work competently as a Single Ply Membrane Roofer within the construction industry.

Delegates will be assessed against a set of performance and knowledge statements which have been derived from National Occupational Standards for your occupational area. You will be assessed by an occupationally competent and qualified assessor whose job is to work with you and help you complete your qualification.

### Who Should Attend?

This qualification is suitable for any delegate who has an existing Waterproof Membrane Roofing Systems qualification and is looking to apply for the Blue CSCS Trade Card.

The Level 2 NVQ Diploma in Waterproof Membrane Roofing Systems (Construction) -Single Ply Membrane Roofing qualification has been developed for achievement in a real workplace environment which means you need to be employed to undertake this qualification.

### Certification

After Assessment, the assessor will cross-match all evidence collected with the awarding body standards and sign-off the delegate, if all standards have been met. IQA will quality check the delegate's portfolio.

Delegates will then receive an achievement certification, which can be used to apply for the Blue CSCS Skilled Workers' Card.

### Agenda

- Introduction to the qualification, usually taking place at an external centre – this will include paperwork for sign-up and registering with the awarding body.
- Delegates will be provided with Knowledge Packs that they may complete in their own time; identifying the delegate's current knowledge and skill set.
- Following Completion of the Knowledge Packs, the Practical Observation will begin. This will be on the learner's site, and may include visits from your assessor who will observe you working and offer support. Delegates may also be asked to record observations on camera for review by the assessor, on practical elements such as pre-shift and operation checks on the machinery.
- There will then be a collection of Witness Testimonies (from site Supervisor's / Manager's etc.) and Additional Evidence by the assessor.
- Finally, a one-to-one Professional Discussion will take place between the assessor and the delegate.
