

IATP Asbestos Duty to Manage - E-Learning

Course Aim

This course aims to train delegates to satisfy the requirements under the Regulation 4 of the Control of Asbestos Regulations 2012. Asbestos Duty to Manage training is only intended to help employers comply with their duty to manage asbestos in non-domestic premises.

Who Should Attend?

This course is designed for the asbestos Duty Holders and Appointed Persons who manage non-domestic premises. These duty holders are responsible for protecting anyone who works, or uses such premises, from the potential risks of exposure to asbestos.

Certification

On completion of the Asbestos Duty to Manage course delegates will receive IATAP approved Certification.

Course Duration

This is a 4 hour course.
