

Safety, Health and Environment for Construction Site Managers

Course Aim

This course provides a step-by-step guide to understanding and managing the risks. Keeping your business healthy and safe with an effective training programme will enable you to reduce the cost of accidents and illness by up to 40 per cent.

Who Should Attend?

This course is for anyone who oversees or manages safety, health and environmental risks associated with construction activities.

Remember, it is your responsibility to provide your staff with the training to ensure your site is fully compliant with safety, health and environmental regulations.

Course Duration

This is a 5-day course.

Maximum Delegates

The maximum number of delegates is [12].

Certification

Delegates successfully completing the course will be issued with IOSH accredited certification.

Agenda
