

CITB - Site Management Safety Training Scheme Refresher (SMSTS) - Remote Learning

Course Aim

This industry leading course will provide delegates with improved and refreshed knowledge and understanding on responsibilities and accountability for site safety.

This remote learning and examination option for the Site Management Safety Training Scheme Refresher (SMSTS) course has been created to allow delegates to gain and develop the required knowledge outside of the classroom.

Who Should Attend?

Delegates who currently hold a valid Site Management Safety Training Scheme (SMSTS) certificate that has been gained within the previous five years.

Project managers, site managers and supervisors as well as proprietors of small to medium sized companies.

Possession of this qualification is listed in the Approved Code of Practice for the Construction (Design and Management) (CDM) Regulations as a demonstration of competence in the role of site manager.

Please Note: The minimum age of attendance for this course is 16 years old, however delegates who are under the age of 18 must bring a completed parental consent form to the first day of the training course.

Virtual Classroom

This course will be delivered via video conferencing using Microsoft Teams Virtual Classroom. This allows two-way communication, ensuring the course is interactive with delegates having the opportunity to ask questions. Each delegate in attendance must have a webcam and microphone, to provide evidence of identity and the ability to answer all examination questions.

Agenda

The training and examination for this course will be delivered remotely via Microsoft Teams, but will follow the same curriculum as the classroom SMSTS Refresher course and the same standard of training will be delivered, meeting all Scheme Rules.

Agenda

- Current focus of HSE's attention
- Risk assessments
- Method statements
- CDM Regulations
- Construction Health, Safety and Welfare (CDM part 2)
- Reporting of Accidents, Diseases and Dangerous Occurrences (RIDDOR)
- Overview and changes to the current legislation affecting construction to include:
 - Work at Height Regulations
 - Control of Substances Hazardous to Health
 - Control of Vibration at Work Regulations
 - Control of Noise at Work Regulations
 - Fire on construction sites including Fire Safety Order
 - Construction waste and Site Waste Management

Theory Test

- Individual written test with explanation of pass requirements.

CITB - Site Management Safety Training Scheme Refresher (SMSTS) - Remote Learning

Certification

Delegates attending the SMSTS Refresher course **MUST** have a valid in date certificate on the day of attending. If your company has applied to the CITB for a dispensation, this must be applied for, before booking of the course and proof provided at the time of booking. Delegates not having a valid Certificate or a dispensation from CITB will not be able to attend, and a **Full 5-day course** will need to be booked.

Assessment

The paper consists of 22 multiple choice questions and three short written questions. There are four safety critical questions in each exam paper, the delegate must answer all four of these questions correctly to pass the exam.

The examination pass mark is 80% (24 out of 30). The examination lasts for 30 minutes and delegates are permitted to use the provided CITB publication for the last 10 minutes of the exam.

Certification

Delegates successfully completing the course will receive a CITB Site Supervision Safety Training Scheme (SSSTS) certificate valid for five years.

Please note, CITB no longer produce physical certificates, all certificates are produced digitally and sent to the booker of the course within 28 working days of the end of the course.

Course Duration

This is a 2 day course.
