

Handling Information in Care Training (Standard 14 Care Certificate) - E-Learning

Course Aim

This course aims to help delegates understand data protection laws, like the GDPR, and how to handle patient/resident data with integrity and confidentiality.

This online training course covers Standard 14 of the Care Certificate. It aims to teach delegates how important confidentiality is to individuals who receive care and also how breaching confidentiality can breach any trust between the person and the patient.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*
