

Paediatric First Aid Refresher - E-Learning

Course Aim

This course is refresher training for those with a practical First Aid qualification and has been designed to work in conjunction with either our First Aid at Work Refresher or Emergency First Aid at Work Refresher programmes.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Agenda

The course modules cover:

- Introduction
- First Aid Demonstrations

Certification

Delegates will receive a HSS printable certificate in Paediatric First Aid Refresher upon completion of the course.

This course is approved and accredited by Skills for Care.

Who Should Attend?

This online Paediatric First Aid Refresher is suitable for any delegate working with children, infants or babies.

Course Duration

This is a 20 minute course.
