

Environmental Awareness - E-Learning

Course Aim

This e-learning course aims to provide delegates with an understanding about the impact their workplaces have on the environment, as well as how they can reduce their impact on the environment as individuals.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Who Should Attend?

The Environmental Protection Act 1990 and the Environment Act 1995 state that anybody who produces, handles, or disposes of waste must ensure it's done so safely & properly. Businesses that do not comply can be given fines or even prison sentences. Therefore, it is essential that all employees understand their responsibilities under this legislation.

Course Duration

This is a 45 minute course.

Agenda

The course modules cover:

- Global change
- How workplaces are affecting the environment
- How individuals can improve their carbon footprint

Certification

Delegates will receive a HSS printable certificate in Environmental Awareness upon completion of the course.

This course is approved and accredited by IOSH.
