

# UKATA Non-Licensed Asbestos Work Refresher

## Course Aim

The UKATA Non-Licensed Asbestos Removal Refresher Training ensures that delegates renew their knowledge and understanding relating to the current laws and legislation, relating to asbestos awareness and the removal of asbestos. It ensures that delegates understand the types of asbestos containing materials likely to be encountered during their job roles. This course will cover working environments which could result in asbestos exposure as well as different control measures to deal with encountering asbestos.

This course is also available as a full course, please click here for more information - [Asbestos Training - Non Licensed Asbestos Work Course](#)

*This UKATA course that we are offering for sale, is sold under license from Environmental Essentials Ltd, who are the UKATA approved Professional Members, UK1136A and HSS are not a UKATA Professional Member for this classification of training, Asbestos Awareness, Duty to Manage, Non Licensed Work.*
