

CISRS Scaffolding Part 1 - Tube and Fitting

Course Aim

The aim of this course is to provide delegates with the knowledge and practical skills to safely assemble, alter and dismantle basic scaffold structures as approved by CISRS.

Who Should Attend?

This course is aimed at delegates who must have a minimum of 6 months practical experience of scaffolding operations. You must have held a CISRS Labourer card or a CISRS Trainee Scaffolder card for at least six months prior to joining the course.

All applicants must hold a valid HS&E Test taken in the last 2 years prior to attending the course.

CISRS do accept some other industry recognised Health and Safety qualifications as an exemption to the HS&E test. Those listed below must be completed within 2 years of the date of application.

Acceptable Alternatives

- Completion of CISRS Recognised Scaffolding Apprenticeship Induction (Initial Trainee card only)
- IOSH Working Safely/IOSH Managing Safely/IOSH Directing Safely
- FAS Safe Pass
- Current CCNSG Safety Passport Supervisory (SCATS Card)
- NEBOSH Construction Certificates (taken within 2 years of application)
- SMSTS (taken within 2 years of application)
- SSSTS (taken within 2 years of application)
- Current CCNSG Leading a Team Safely (SCATS)
- Current MIST/BOSIET/OPITO Approved Offshore Certificate

Agenda

This course covers the following topics:

- Statutory regulations and Codes of Practice
- Safe handling and inspection of materials
