

## Safe Use of Pesticides (PA1) - LANTRA

### Course Aim

This course aims to help develop delegate's knowledge of health and safety legislation to comply with pesticide regulations. You will be guided through the key elements of competently using pesticides, keeping records, understanding the labels, and safely storing, transporting, and disposing of them.

### Who Should Attend?

Anyone with an interest or employment in agriculture, forestry, or horticulture who currently uses or wishes to safely use professional pesticide products.

You will be required to attend this course before you can complete any pesticide application courses.

### Course Duration

This is a 1 day course.

### Maximum Delegates

Maximum attendees: 6 delegates.

### Agenda

By the end of the course, you'll be able to:

- Understand your duties under the law and help you become a safe and competent pesticide user.
- Understand what pesticides are and their 'field of use'.
- State legislation relevant to pesticide application.
- Interpret and use label information.
- Take the appropriate action to protect yourself and the environment.
- Store and transport pesticides safely.
- Dispose of the pesticides and containers safely.
- Record information.

### Certification

Upon completion of this course, delegates will receive a LANTRA accredited certificate that does not expire. However, it is advised and is business best practice that delegates attend a refresher course every 5 years.
