

Fire Awareness (Care) - E-Learning

Course Aim

This course aims to provide delegates with an understanding of critical information such as emergency procedures, risk assessments, and the different types of fire signage in Care industries. Regardless of the sector you work in, Fire Awareness Training is a legal requirement. This course has been produced specifically for the care sector, to help delegates towards compliance with current legislation. Thousands of care organisations across the UK already use this training.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Who Should Attend?

A crucial course for any delegate working within the care sector, this Fire Awareness in Care Training course should be completed by all staff.
