

**FIRE SERVICE**
WE ARE A SCHOOL

Fire Awareness (Education) - E-Learning

Course Aim

It is a legal requirement that all delegates, no matter the industry or sector, undertake Fire Awareness Training. In order to ensure safety in this sector by educating staff on the risks that fires pose using this essential training course.

This training aims to inform delegates of how to properly read fire signage, how to use different extinguishers as well as when they are needed, the different types of fires, and how to safely evacuate premises.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Who Should Attend?

Thousands of fires affect schools each year due to this it is essential that delegates working in schools are trained to understand fire safety information. This can help prevent fires and ensure the smooth evacuation of the premises safely. This course was designed specifically for those working within educational settings and provides scenarios that are relevant to their workplace.

Course Duration

This is a 35 minute course.

Agenda

The course modules cover:

- Fire in Schools
- Signs
- Fire Hazards
- Emergency Procedures
- Fire Extinguishers

Certification

Delegates will receive a HSS printable certificate in Fire Awareness (Education) upon completion of the course.

This course is approved and accredited by IOSH and Skills for Care.
