

Communication in Care Training (Standard 6 Care Certificate) - E-Learning

Course Aim

This course aims to teach delegates about how effective and prominent non verbal communication is, how to reduce the barriers to effective communication, and why good communication skills are important in the workplace.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Who Should Attend?

This course is suitable for those working within the care industry who need further knowledge in communication skills in care.

Course Duration

This is a 30 minute course.

Agenda

The course modules cover:

- Communication in Care
- Communication in Practice

Certification

Delegates will receive a HSS printable certificate in Communication in Care Training upon completion of the course.

This course is approved and accredited by Skills for Care.
