

Fire Marshal

Course Aim

This half-day Fire Marshal course provides training in the role of the designated fire marshal (fire warden). Delegates will learn about preventing fires, different types of fire extinguishers and how to use them correctly.

Agenda

This course aims to provide an understanding of fire regulations and general fire precautions. It seeks to provide delegates with the knowledge required to be become a fire marshal.

Topics covered within the course include:

- Causes of fire in the workplace
- Fire hazards
- Characteristics of fire and smoke spread
- Fire control methods
- Means of escape
- Fire detection and raising the alarm
- Extinguishing fires
- Fixed fire-fighting systems
- The Regulatory Reform (Fire Safety) Order 2005
- Legal duties and penalties
- Fire risk assessment
- Fire safety inspections
- Role of the fire warden
- Induction briefings
- Multiple-choice examination

Who Should Attend?

Those who have a designated responsibility for workplace fire safety i.e. fire wardens or fire marshals and anyone who needs to know how to use a fire extinguisher.

Course Duration

This is a half day course.

Certification

All successful delegates will receive a St John Ambulance certificate, valid for three years.
