

Manual Handling including Tyres - E-Learning

Course Aim

This e-learning course aims to help to ensure that employees are following best practices and provides delegates with information about their back, how to prepare for a lift or move and step-by-step guides of manual handling tasks.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Who Should Attend?

This course is suitable for delegates who require knowledge in the use of safe manual handling including tyres within their workplace.

This Manual Handling including tyres Training course teaches delegates to understand what is meant by safe manual handling. Our specialised section on tyres will cover the lifting and moving of tyres of various sizes.

Course Duration

This is a 40 minute course.
